CIC CIB is supporting Nobina in its move towards more sustainable mobility in Finland.

CIC Corporate & Institutional Banking is delighted to announce the signing of a bilateral green loan with Nobina, a leader in the Scandinavian public transport sector, to finance the acquisition of 39 Yutong electric buses for the HSL60B concession in the Helsinki region.

.

Through this new seven-year urban transport operating contract, which includes three one-year extension options and is due to commence in August 2027, HSL reaffirms its confidence in Nobina.

This project is fully in line with CIC CIB's commitment to promoting sustainable mobility and reducing the carbon footprint of public transport. The arrival of these 39 new electric buses will help improve air quality and provide a more comfortable travel experience for Helsinki's residents and visitors
